13 school's curriculum. The legislature further intends that local
14 communities, in partnership with schools or school districts, will have
15 the responsibility for determining which character traits and values
16 are included in each district or school's character education program.

6 values and character traits are learned as determined by consensus at
7 the local level. These values and traits include the importance of:

16 (2) Each school district is strongly encouraged to develop and
17 implement a character education program that incorporates into its
18 curriculum the character traits and values included in subsection (1)

20 develop its character education program in partnership with parents and
21 the entire spectrum of stakeholders in its local community.

23 office of the superintendent of public instruction shall provide to

27 28A.150.211, an amount for the fiscal year ending June 30, 2001, of one
